NEW POLITICAL AND FINANCIAL LEADERSHIP NEEDED FOR CITY, ASSERT MEN AT KIWANIS CLUB

Demand for a new political and financial leadership in Amarillo was voiced at the Kiwanis Club's weekly luncheon yesterday noon at the Amarillo Hotel, when a frank discussion was made of problems facing the city, especially along retail, railway rates, rent and other lines.

W. G. Fly spoke upon the problems facing the retailer, and J. O. Guleke touched upon prices from the consumer's angle, both coming out with the statement "that a leadership of the city that was more interested in getting milk legislation that forces the retail price up to 10 cents a bottle was not worthy of serving Amarillo."

Figures Are Given.
Mr. Fly frankly told the club, which had the largest attendance it has had in many weeks, of the problems facing the retailer. He went into details about the rents paid by the various druggists three to four years ago, and then gave figures they are paying today. Continuing, he said:

"The building formerly occupied by the City Drug Store, now the Ideal Cafe building rented during the years of 1917, 1918 and 1919 for \$128 a month. The building formerly occupied by Darrall's cafe, but now the Olympic Theater, rented for \$150 a month, and I understand that it now brings \$100 a month. The J. W. Collins Drug Company for three years, 1917, 1918 and 1919, rented for \$200, and the rent was raised in 1920 to \$475. The building now occupied by the Randall Drug Store formerly rented for \$187.50, and I understand now that it rents for \$400 a month. The Duke Drug Company in 1918 and 1919 paid \$125 a month rent and it now pays \$225. The Dohoney-Oliver Drug Company in 1919 and 1920 paid \$125 a month rent, and now now paying \$200. Winkler & Son, druggists, had their rental raised from \$45 to \$200 a month. Another store in Amarillo in 1918 and 1919 paid \$60 a month, and they are now paying \$225.

The building occupied by the Austin Drug Company rented last year for \$150, and is now bringing \$225, the speaker said.

The Fly-Barton Drug Company pays \$165 for space that is worth \$75 to \$100, he said.

"You will notice that these business rents have about doubled, and that is true of residences as well. You must pay your help double to what it received three to five years ago. If you

don't do it you will just be a party to making a thief, for it is probable that your employees will take the money from your cash till.

Discusses Freight Rates.
"Does freight transportation play a part in drug store merchandising? Freight rates from Fort Worth formerly were 30 cents a hundred, and now they are \$1.64. Just a day or two ago I unpacked some merchandise from Fort Worth, and the freight was nearly ten per cent of the cost of the goods.

"The question has been asked about what is wrong with Amarillo, if anything. We have had problems facing us such as the water situation, and we find leaders concerning themselves more about milk regulation than water. And I say that such a leadership is not worthy to serve Amarillo.

Mr. Fly's statement on this subject brought forth a tremendous round of applause, and when he had completed, he was given a vote of thanks by the club.

Mr. Guleke followed Mr. Fly, and said that he believed the retailer had a place in the system of society because of his utility and service by distribution to the consuming public, but he added that he was confident there was something wrong with the charges made to the consumer.

He said that if Amarillo was living on an oil basis, it was either time to produce oil or get off that plane. He held that the retailer, landlord and others were getting all the consuming public would bear.

Reaction Always Comes.
Warning was issued by Mr. Guleke that there was a limit to what the retailer could pay. When that limit was reached there comes a reaction, he declared, and that means no business. He cited the railroads as an example, declaring that passenger traffic had declined.

crossed greatly because of the high charges.

R. B. Barnum spoke upon the oil well drilling campaign being waged, and told of the advantages. He said that Amarillo had been living on an oil basis, and that the time for getting production or development was at hand. He declared that it had been amply demonstrated the Panhandle had it, but that the large companies would not give the development, and it was up to the local people to do it.

G. C. Odum, A. H. Willison and Ben H. Stone, forming a special committee, reported that they had been unable to locate any Ku Klux Klan organization. They stated they were uncertain just what its purposes were, but if they are, as has been stated in the press, that they are to be considered. If it plans to take law enforcement into its own hands, then it was held worthy of condemnation.

Lumber members will have charge of next week's program.

Dr. Gist Improved.

An improvement was noted in the condition of Dr. R. D. Gist last night, but he is still in a critical state. He is confined at the St. Anthony's Sanitarium with blood poisoning.

All Former Sailors Wanted in Uniforms At Labor Day Parade

All ex-soldiers in Amarillo and in the Panhandle are urged to get out their "whites," get 'em pressed up, and get ready to get in line in the gobs' section of the parade which will be staged next Monday in connection with the big Labor Day celebration.

Ray Greenhill, who threw a hitch in Uncle Sam's navy, will be in charge of the parade, and he is asking that all sailors—no this does not mean the members of the Baptist base-ball team—pop up and help make the parade showing as good as possible. The ex-servicemen's division of the parade will be in charge of the local part of the American Legion, and prospects are now that it will be one of the most interesting parts of the parade. There will be doughboys, gobs, leathernecks, S. O. S. boys, Y. M. C. A. seafarers and Salvation Army lassies in the line of march.

The first map on which the New World appeared was dated 1500.

Star Cash Grocery

Our Goal—

To Make September the Biggest Month of the Year

Our business has shown an increase every day. It is our desire to keep the business growing, a place you will always think of when you are in need of Fruit, Vegetables, Meats and Groceries.

Cool, Sanitary, Light and Wholesome—A Handy Place to Buy Good Things to Eat

Meats

We sell only select meats which are seasoned by our sanitary refrigerating plant. For your table tomorrow:

Beef Roast	Pork Loin Roast
Pot Roasts	Boston Style Butts Roasts
Leg of Lamb	Pork Shoulder Roast
Brisket Roasts	Porter House Steak
Baby Beef Roasts	Choice Loin Steak
Lamb Chops	English Tenders Steak
Calves Brains	Calves Liver

Fleishmann's Yeast received daily.

Choice Vegetables

At All Seasons of the Year

For the table tomorrow we have:

Lettuce	Cauliflower
Carrots	Corn
Radishes	Beets
Onions	Tomatoes
Peppers	Beans

Bakery Goods

That are sure to please you. For your table tomorrow:

Bread, plain loaves	Cakes
Bread, Pullman loaves	Pies
Bread, twist loaves	Rolls
Bread, graham loaves	Cookies
Bread, rye loaves	Buns
Bread, French loaves	Puffs

Groceries

Anything you can think of for the table in canned fruits, vegetables, berries, meats. Glass—Salads, preserves, jellies, sauces, etc. A trial order is convincing.

We deliver orders of 50c and over
